EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2019 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.newstandard.com.au.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

3. RESOLUTION 2 – ELECTION OF DIRECTOR – MS XIAONING LIN

3.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

3.3 Independence

Ms Lin has no interests, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the Company and its security holders generally.

If elected the Board considers Ms Lin will be an independent director.

3.4 Board recommendation

The Board supports the election of Xiaoning Lin and recommends that Shareholders vote in favour of Resolution 2.

4. RESOLUTION 3 – RE-ELECTION OF DIRECTOR – MR KUNFANG LIU

4.1 General

ASX Listing Rule 14.4 and clause 14.5 of the Constitution provide that, other than a managing director, a director of an entity must not hold office (without re-election) past the third AGM following the director's appointment or 3 years, whichever is the longer. However, where there is more than one managing director, only one is entitled to be exempt from this rotation requirement.

Kunfang Liu, who has served as a Director since 21 December 2017, retires by rotation and seeks re-election.

4.2 Qualifications and other material directorships

5. RESOLUTION 4 – RE-ELECTION OF DIRECTOR – MR MING LI

5.1 General

However, where there is more than one managing director, only one is entitled to be exempt from this rotation requirement.

5.3 Independence

Mr Ming Li holds ordinary securities in the Company and does not meet the criteria for an independent director.

If re-elected the Board considers Mr Li will be a non-independent Director.

5.4 Board recommendation

The Board supports the re-election of Ming Li and recommends that Shareholders vote in favour of Resolution 4.

6. RESOLUTION 5 – RATIFICATION OF PRIOR ISSUE – SHARES ISSUED IN MAY 2019

6.1 General

On 9 May 2019, the Company issued 34,022,392 Shares at an issue price of \$0.006 per Share to raise \$204,134.

Resolution 5 seeks Shareholder ratification pursuant to ASX Listing Rule 7.4 for the issue of those Shares (**Ratification**).

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rule 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

By ratifying this issue, the Company will retain the flexibility to issue equity securities in the future up to the 15% annual placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

6.2 Technical information required for Resolution 5

Pursuant to and in accordance with ASX Listing Rule 7.5, the following information is provided in relation to the Ratification:

- (i) 34,022,392 Shares were issued;
- (ii) the issue price was \$0.006 per Share;
- (iii) the Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (iv) the Shares were issued to a number of sophisticated investors who qualified under Section 708 of the Corporations Act. None of these subscribers are related parties of the Company; and
- (v) the funds raised from this issue were used to meet ongoing DMIRS obligations relating to the Company's existing projects and also funding the Company's ongoing assessment of new oil and gas project interests that may be beneficial to Shareholders, and to pay working capital. Although the Company assessed various opportunities (as referred in the Quarterly Activities Report dated 31 July 2019) no decision to acquire new project interests has been finalised as at the date of this Notice.

7. RESOLUTION 6 – APPROVAL OF 10% PLACEMENT CAPACITY

7.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity (as defined below) may seek shareholder approval by special resolution passed at an annual general meeting to have the capacity to issue up to that number of Equity Securities equal to 10% of its issued capital (**10% Placement Capacity**) without using that entity's existing 15% annual placement capacity granted under ASX Listing Rule 7.1.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and

- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$2.5 million (based on the number of Shares on issue and the closing price of Shares on the ASX on 23 September 2019 and excluding any restricted securities that may be on issue).

An Equity Security is a share, a unit in a trust, a right to a share or unit in a trust or option, an option over an issued or unissued security, a convertible security, or, any security that ASX decides to classify as an equity security.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has one class of quoted Equity Securities on issue, being the Shares (ASX Code: NSE).

If Shareholders approve Resolution 6, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

Resolution 6 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 6 for it to be passed.

7.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 6:

(a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in Section 7.2(a)(i), the date on which the Equity Securities are issued.

(b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period).

(c) Risk of voting dilution

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 6 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the market price of Shares and the number of Equity Securities on issue as at 23 September 2019.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Shares on Issue able 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	\$0.0018 50% decrease in Issue Price	\$0.0004 Issue Price	\$0.0056 50% increase in Issue Price
822,082,197 (Current)	Shares issued - 10% voting dilution	82,208,219 Shares	82,208,219 Shares	82,208,219 Shares
	Funds raised	\$147,975	\$328,833	\$460,366
1,233,123,295 (50% increase in Variable A)	Shares issued - 10% voting dilution	123,312,329 Shares	123,312,329 Shares	123,312,329 Shares
	Funds raised	\$221,962	\$493,249	\$690,549
1,644,164,394 (100% increase in Variable A)	Shares issued - 10% voting dilution	164,416,439 Shares	164,416,439 Shares	164,416,439 Shares
	Funds raised	\$295,950	\$657,666	\$920,732

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 822,082,197 Shares on issue.
2. The issue price set out above is the closing price of the Shares on the ASX on 23 September 2019.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity as cash consideration to raise funds for the ongoing identification of new projects for the Company and working capital.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- (i) a list of the recipients of the Equity Securities and the number of Equity Securities issued to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
- (ii) the information required by Listing Rule 3.10.5A for release to the market.

(f) **Allocation policy under the 10% Placement Capacity**

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(g) **Previous approval under ASX Listing Rule 7.1A**

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 22 November 2018 (**Previous Approval**).

The Company has not issued any Shares pursuant to the Previous Approval.

During the 12 month period preceding the date of the Meeting, the Company otherwise issued a total of 34,022,392 Shares which represents approximately 4.32% of the total diluted number of Equity Securities on issue in the Company on the date that was 12 months before the date of the meeting.

Further details of the issues of Equity Securities by the Company during the 12-month period preceding the date of the Meeting are set out in Schedule 1.

7.3 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 6.

8. RESOLUTION 7 – PLACEMENT OF UP TO \$2 MILLION

8.1 General

Resolution 7 seeks Shareholder approval for the issue of up to that number of Shares, when multiplied by the issue price, will raise up to \$2,000,000 (before costs) (**Placement**).

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12 month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period.

The effect of Resolution 7 will be to allow the Company to issue the Shares pursuant to the Placement during the period of 3 months after the Meeting (or a longer period, if allowed by ASX), without using the Company's 15% annual placement capacity.

8.2 Technical information required by ASX Listing Rule 7.1

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to the Placement:

- (i) the maximum number of Shares to be issued is up to that number of Shares which, when multiplied by the issue price, equals \$2,000,000;
- (ii) the Shares will be issued no later than 3 months after the date of the Meeting (or such later date to the extent permitted by any ASX waiver or modification of the ASX Listing Rules) and it is intended that issue of the Shares will occur progressively;
- (iii) the issue price will be not less than 80% of the volume weighted average price for Shares calculated over the last 5 days on which sales in the Shares are recorded before the day on which the issue is made or, if there is a prospectus, over the last 5 days on which sales in the securities were recorded before the date the prospectus is signed;
- (iv) no recipients of the Shares have yet been identified, however it is expected that the issue will be made to sophisticated or otherwise exempt investors, none of whom will be related parties of the Company. The Directors continue to source possible investors in the Company to support the Placement;
- (v) the Shares issued will be fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares; and
- (vi) the Company intends to use the funds raised from the Placement as follows:

Description	Amount (\$)
Project related expenses (<i>rehabilitation of 4 wells, DMIRS work program expenses and business development for new opportunities</i>)	1,500,000
Working capital (<i>rent, salary, consultants' fees, ongoing compliance costs</i>)	500,000
TOTAL	2,000,000

8.3 Dilution

The volume weighted average price for Shares on the 5 days on which sales in Shares were recorded before 24 September 2019 was \$0.0037. The lowest issue price (ie maximum discount) of not less than 80% of this volume weighted average price would be \$0.003 per Share.

Accordingly, set out below is a worked example of the number of Shares that may be issued under Resolution 7 based on an assumed issue price of \$0.003, \$0.004 and \$0.005.

Assumed issue price	Maximum number of Shares which the Company could issue (rounded up to the nearest whole number) pursuant to Resolution 7	Current Shares on issue as at the date of this Notice	Increase in the number of Shares on issue assuming the Company issued the maximum amount pursuant to Resolution 7]	Dilution effect on existing Shareholders
\$0.003	666,666,667	822,082,197	1,488,748,864	81.09%
\$0.004	500,000,000	822,082,197	1,322,082,197	60.82%
\$0.005	400,000,000	822,082,197	1,222,082,197	48.66%

The Company notes that the above workings are an example only and the actual issue price may differ. This will result in the maximum number of Shares to be issued and the dilution percentage to also differ.

SCHEDULE 1 – ISSUES OF EQUITY SECURITIES SINCE 22 NOVEMBER 2018

Notes:

1. Market Price means the closing price on ASX (excluding special crossings, overnight sales and exchange traded option exercises). For the purposes of this table the discount is calculated on the Market Price on the last trading day on which a sale was recorded prior to the date of issue of the relevant Equity Securities.
2. In respect of quoted Equity Securities the value is based on the closing price of the Shares (\$0.005) on the ASX on 9 May 2019. In respect of unquoted Equity Securities, the value of Options is measured using the Black & Scholes option pricing model. Measurement inputs include the Share price on the measurement date, the exercise price, the term of the Option, the impact of dilution, the expected volatility of the underlying Share (based on weighted average historic volatility adjusted for changes expected due to publicly available information), the expected dividend yield and the risk free interest rate for the term of the Option. No account is taken of any performance conditions included in the terms of the Option other than market-based performance conditions (i.e. conditions linked to the price of Shares).
3. This is a statement of current intentions as at the date of this Notice. As with any budget, intervening events and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way the funds are applied on this basis.
4. Means fully paid ordinary Shares on the same terms as existing Shares on issue.
